

# *Lackawanna College*

## **SUSTAINABLE LEADERSHIP**

**(Available Environmental Education Center)**

*CERTIFICATE PROGRAM*

*ACADEMIC YEAR 2019-2020*

NAME \_\_\_\_\_

**This 16 credit certificate provides the foundation needed to become a sustainability professional. Students will learn how to use systems thinking and problem-solving skills to gain a deeper understanding of the complexity of sustainability, which includes economic, social and environmental issues.**

**The online distance-learning format develops leadership and management skills by exploring how to become an efficient leader, encouraging a productive workforce and reducing expenditure costs.**
